**AUBURN SCHOOL BOARD MEETING
AUGUST 10, 2021 AT 6:00 P.M.
AUBURN VILLAGE MEDIA CENTER**

These minutes have not been approved.

Alan Villeneuve, Board Chair, called the meeting to order at 6:05 p.m. Those in attendance were Board members Janice Baker, Jason Tyburski, Derek Berger, and Adrian Newton. Also in attendance were Principal Lori Collins; Assistant Principal Lindsay Murray, Director of Student Services Deena Jensen, Maintenance Director Scott Dube, Middle School Grade Leader Kerry Boles, Technology Director Keith Lord; Superintendent William (Bill) Rearick, Assistant Superintendent, Marge Polak and Business Administrator, Amy Ransom.

PLEDGE OF ALLEGIANCE

Becki McCarthy led the attendees in the Pledge of Allegiance.

PROOF OF POSTING

Bill Rearick provided proof of posting.

APPROVAL OF MINUTES

Motion by Janice Baker, seconded by Derek Berger, to approve the June 29, 2021 Board meeting minutes with the following amendments: On Page 1 Old Business change the second sentence to read '**She said each proposal was reviewed by the committee and it was determined that the NHSBA was more responsive**', and on Page 2 Public Input change the first sentence to read '**Jessica Monroe expressed her displeasure with the Re-Entry Plan which has dropped the mask mandates**', and the motion carried unanimously.

OPPORTUNITY FOR PUBLIC TO ADDRESS THE BOARD

Resident Amy Magnan stated she felt that masks should be required, as least for those under 12 years old. She said the CDC and the American Academy of Pediatrics recommends that those vaccinated or not should wear masks. She said the Delta variant is here and is spreading and that Rockingham County has shown a substantial increase in positive cases. She said at the AVS Athletic Director, she heard no complaints from her athletes for having to wear masks and asked the Board to require students to wear masks in school.

Tiffany Green echoed Ms. Magnan's sentiments and said she felt that masks should be universally worn in school as the Delta variant may be more dangerous to children.

Kirsten Wright stated she was a proponent of masks being optional. She said COVID is not going away and her children contracted it while they were wearing masks, as did a number of those at her children's daycare.

Melissa Lerocque stated no one at her child's day care wore masks and no one contracted COVID. She said there is much anxiety around when/where masks should be worn and was in favor of having the option.

Niles Sowa said he respected the opinions of others, but felt wearing masks should be optional. He said that wearing masks all the time is unhealthy, but understands that if something changes, the option could be revisited.

Alan Villeneuve stated that the Board received eight emails, some for requiring masks and some preferring to have the option.

Tara Kelly said the Board did a great job last year and that it's difficult for kids to understand when/where to wear masks. She said she is in favor of having the option.

Allison Rickenback said she would love to see masks mandated as she is concerned with risks for those who are maskless.

Nicole Krygeris stated that last year was great and that she is in favor of optional mask unless things get worse. She said wearing masks can have negative emotional effects on some people.

Linda Sayer asked how the Board would determine changing their decision to mandate wearing masks. To this, Alan Villeneuve stated that the Board would rely on the professionals and would meet again if warranted.

OLD BUSINESS

RFP Update

Janice Baker summarized the process by which the Board is moving forward with strategic planning and reviewed the questions/answers between the committee and the NHSBA. She said this process usually takes a few months, but because of the scope of it, it will take longer. Janice said if the Board approves, the next step would be to reach out to the NHSBA to initiate a contract.

Motion by Janice Baker, seconded by Derek Berger, to move forward with the New Hampshire School Boards Association for a strategic plan, and the motion carried unanimously.

NEW BUSINESS

Reopening Plan

Bill Rearick stated that the Board approved a Reopening Plan on June 8, 2021, but that since that time, some guidance's have changed. Those changes were before the Board tonight for review. He said the New Hampshire Department of Health and Human Services will be making an update on August 11, and that the revised Reopening Plan was based mainly on their guidance and is subject to change based on further updates. He said some things still need to be clarified, and he is hoping those questions are addressed on August 11.

Motion by Jason Tyburski, seconded by Janice Baker, to allow the Superintendent to modify the Reopening/Daily Operating Plan regarding COVID 19 restrictions at his discretion, and the motion carried unanimously.

Public Input:

Tiffany Green suggested the Board come up with a threshold as SAU #16 did, as DHHS took a long time to respond to them.

Nicole Krygeris asked if administration could ask staff if they received a vaccine, to which Lori Collins stated because of HIPPA laws, they cannot.

Jamie Shevlin asked how many teacher live outside of Auburn, to which Alan Villeneuve stated less than 20% do.

Chris McNulty asked if they were stopping physical education because the gym would be used for lunches, to which Lori Collins stated they would continue having physical education classes as they did last year.

Motion by Jason Tyburski, seconded by Derek Berger, to approve the AVS Reopening Plan dated August 10, 2021 as presented and amended, and the motion carried unanimously.

Handbook Changes

Lindsay Murray stated that changes are minimal and Lori Collins summarized each change.

Motion by Janice Baker, seconded by Derek Berger to approve changes to the 2021/2022 handbook as presented, and the motion carried unanimously.

Instructional Time Schedule

The Instructional Time Schedule was reviewed and discussed. The Board would like a more detailed accounting of use of time during a school day by grade.

Motion by Janice Baker, seconded by Derek Berger, to approve the Instructional Time Schedule for 2021/2022 as presented and the motion carried unanimously.

Snow Day/Remote Learning

Bill Rearick said that last year, the Board approved of 5 snow/cancellation days, then switching to remote learning any day after that and recommended the Board do the same for the 2021/2022 school year.

Motion by Derek Berger, seconded by Adrian Newton to approve observing 5 snow days and any additional days be remote learning days as recommended by the Superintendent, and the motion carried unanimously.

FINANCIAL

Manifest Approval

Motion by Janice Baker, seconded by Derek Berger, to approve the 6/28/21-7/9/21 manifest in the amount of \$626,840.53, and the motion carried unanimously.

Motion by Janice Baker, seconded by Derek Berger, to approve the 7/12/21-8/6/21 manifest in the amount of \$1,305,849.98, and the motion carried unanimously.

Alan Villeneuve asked Scott Dube to speak to Pelmac about their monitoring fees.

PERSONNEL

Ratification of Superintendents Nomination

Motion by Janice Baker, seconded by Jason Tyburski, to approve the ratification of the Superintendent's nomination of Lindsay Hallenbeck, and the motion carried unanimously.

Co-Curricular Nominations

Motion by Derek Berger seconded by Janice Baker to accept the co-curricular nominations as presented, and the motion carried unanimously.

Alan Villeneuve stated that he attended two planning meetings at Pinkerton Academy where they addressed their plans to demolish an older part of a Social Studies wing to allow for more specialized learning spaces.

Alan welcomed Kathy Roggenbuck and Melissa Prunier, the two new HEA Co-Presidents.

Construction Activity

Scott Dube updated the construction activity saying they've done an asbestos abatement on the 1st floor, tile work is beginning tomorrow, and that ceiling tiles have been installed on the 2nd floor. Scott said the stage refinishing will be done next week. Janice Baker said she wants to make sure the softball field is ready in the spring. She asked if the interactive projectors have been received, to which Lori Collins stated that they were ordered after the retreat but have been on back order since that time. Lori said the playground structures won't be installed before school starts.

NON-PUBLIC SESSION: RSA 91-A:3 Section II (a-k) (if necessary)

Not necessary.

Auburn School Board Report

September 14, 2021

- On August 18th I held a professional development day for the SAU 15 principals and administrators. Attorneys from Drummond Woodsum provided an update on the changes that have been made to Title IX and to changes in the NH laws that pertains to student discipline.
- On August 19th I attended a virtual South Central Superintendent's meeting. The primary discussion was on how districts were addressing the issue of wearing masks at the start of the school year. Some districts were implementing mask wearing for all students, some were making masks optional, and one district, masks will be required for elementary aged students but optional for the middle and high school students.

Some superintendents mentioned that their Board meetings were very contentious over this issue. Others expressed frustration with DHHS's guidelines for the 2021-22 school year. They wanted DHHS to more definitive with their guidance.

- On August 25th, I performed a walkthrough at AVS. Scott and his team were working hard to get the school ready for the first day of school.
- I welcomed the teachers back to school on Monday, August 30th. It was the first time I was able to speak with the staff in person since September of 2019. I thanked the teachers for everything did for our students last year and I wished them a safe and successful school year.
- I visited AVS on the first day of school. It was great to see all our students and teachers back in school.
- On September 3rd, I met with the SAU 15 principals where we reviewed the quarantine protocols for students and staff who contract COVID-19 or are considered close contacts. I reminded the principals that our parents need to be reminded of our protocols in the event of positive case or close contact.

First Two PD Days

The teachers began their school year on Monday, August 30th. We have purchased an online training system called Vector Solutions that gives an online option for the 7.5 hours of mandatory training required by the state. Teachers can opt to take the various workshops during the summer and utilize their in-school time to meet with their teammates or set up their room. Some of the training includes Title IX, Bullying, Blood Borne Pathogens, Suicide, and FERPA.

School Operations

The first few days went well. Bus driver shortages are having an impact on bus transportation. Some buses are very crowded while other buses have to be divided up and sent to other routes. Parent pickup is very busy and is now taking approximately 10 minutes longer than in previous years. We are working on the procedures to tighten up the process.

We are fully staffed except for paraprofessionals. Our co-curriculars are staffed with the exception of robotics.

Athletics

Soccer tryouts have begun. We expect to field full teams for both girls and boys. Cross country practices have begun with over 30 students running.

Curriculum

We have begun curriculum meetings for content areas at the middle school level, and grade levels at the elementary. Math is focusing on spiraling review to reduce gaps and strengthen remedial skills. All math and reading classes will be engaging in small groups instruction, some at the end of the class, others during one period a week. The delivery of math workbooks was delayed about a week after the first day of school. We have implemented an updated language arts program at the 7th and 8th grade levels to offer online digital resources for students. Hard cover textbooks were also purchased, however, students will be able to access all materials online in the event of remote learning.

Special Education News and Updates

Staffing:

- As of the writing of this report, we still have paraprofessional openings:
 - Middle School: 1 opening
 - Elementary School: 3 openings
 - We also need a paraprofessional for 20 hours per week at a preschool placement.
- Our sign out front has been advertising that we are in need of paraprofessionals for about a month. We have had two applicants because they've seen the sign!
- The rate for contracting paraprofessionals has raised from \$30 per hour to \$32 per hour. This is due to the need to increase their pay for employees to be "competitive." Their employees do receive benefits as well. Thus far, we have not been successful at contracting any paraprofessionals. They are presented to multiple districts by their recruiters, so they can pick districts closer to their homes, etc.
- Our special education teachers have been doing an amazing job of trying to piece together a schedule to ensure that all of our students are receiving the support that they need. We have needed to prioritize safety needs.
- The shortage of paraprofessionals creates some gaps in our duty coverage schedule meaning that some staff members have more duties than typically required.

Professional Development:

- Thanks to funding via the IDEA Grant various members of the special education department will be attending some highly beneficial professional development offerings this year. Topics include, but are not limited to:
 - LEA Certification
 - Case Management
 - Written Prior Notice
 - Math
 - Best Practices in the area of Speech and Language and Occupational Therapy

Miscellaneous Topics to Watch:

- There appears to be a high number of 3-year olds in preschool. Local area preschools do not have openings for new students turning three and have wait lists. Neighboring districts with preschool programs do not have availability either.
 - If the special education team determines that a preschool aged student requires a program to make progress, it is our duty to find a placement for them. Per the State Preschool Coordinator, if a district is unable to find a placement for a preschool student requiring a program, the district is required to create a program for the student.
 - Unlike last year, when many families were bringing preschool aged children into AVS for services due to COVID-19 restrictions, our service providers are now heading back out to
-

local preschools. The travel time may impact the time they are available to work with students at AVS.

- Contracted service providers are experiencing a shortage in Speech Pathologists and Occupational Therapists. They do not have service providers that can meet regularly to provide IEP goal work. In some cases, we may need to provide compensatory services as the needs outlined with IEPs are not able to be met.
